MUST LOSE A LEG

DOCTORS SAY AMPUTATION IS NECESSARY TO SAVE LIFE.

CARL WRIGHT TO CHICAGO

Little Cripple Will Be Taken to See Dr. Murphy Before Step Is Taken To Collect Balance of Money.

Carl Wright, who has been at the hospital for sixteen weeks taking treatment for tuberculosis of the hip, was taken to the home of his parents, Mr. and Mrs. Edward Wright, living east of the city, last week. His physicians, Dr. William Wallis, Jr., and Dr. Charles T. Bell, reported that the only thing that could save the little crippled boy was the amputation of his leg. His parents were much opposed to an operation until Dr. J. S. Murphy, the specialist at Chicago, could see whether it was really necessary. So Carl was taken home and will remain a few weeks until he can be taken to Chicago.

The people of Maryville gave \$612.23 to save the little boy's life and turned it over to a committee composed of W. F. Phares and E. E. Williams. Of this amount \$327.73 has been collected, and only about \$80 has been spent for the treatment of the boy at the hospital. The treatment did not seem to be satisfactory and the committee will send him to Chicago to Dr. Murphy. The treatment was prescribed by Dr. Murphy.

The committee, within the next few days, will collect the balance of the money subscribed for this purpose.

SERVICES WELL ATTENDED.

The Five Protestant Young People's Societies Met at First M. E. Church Sunday Evening.

The first union meeting of the five young people's societies of the Protestant churches in Maryville at the First M. E. church Sunday evening was well attended and was a grand success. The leader was Miss Mary Evans, and the subject was "Christian Sociability." F. W. Olney spoke on "What is Sociability?" and Prof. Westbrook talked on "How Individuals Can Be More Sociable."

"How Can We Increase Sociability Among Our Societies" was discussed by A. M. Bennett of the B. Y. P. U. of the Baptist church, Miss Helen Leffler of the Young People's club of the Presbyterian church, Abner Johnson of the Christian Endeavor society of the Christian church, J. S. Muntz of the Epworth League of the M. E. church, South, and Miss Ethel Embree of the Epworth League of the First M. E. church. A solo was given by H. J. Becker, and a quartet composed of Misses Izora and Jeannette Mutz, Irene Kemp and Amy Clark gave a number.

A permanent organization is to be formed of these societies and the president of each one was instructed to appoint two members from each society, and then all of the members will meet and perfect an organization. Union meetings of these societies will be held from time to time, and if the first meeting is any indication these meetings will accomplish a great deal for good.

The late Dr. J. S. Ford suggested these meetings in his last sermon when he talked on the federation of church work.

Mrs. Roy McDonald of Prescott, Ia., was in Maryville Saturday evening on her way to Stanberry to visit Mrs. John Brown.

PREVENTION OF DISEASES.

Three Common Infectious Diseases Are Measles, Diphtheria and Scarlet Fever.

County Superintendent Wm. Oaker son received a letter Saturday from W. J. Calvert of Missouri University in regard to the prevention of three of the common infectious diseases. Here is the letter:

With a view to being of practical value to you in the prevention of three of our common infectious diseases, namely measles, diphtheria, and scarlet fever, I wish to call your attention to a few important facts. I hope the information will be acceptable and of service to you.

Measles develops with the symptoms of a bad cold. During the first days, the disease is most infectious. One of the most important methods of preventing measles is to isolate every child having a bad cold until sufficient time has elapsed to show that it does not have measles. If every child with a bad cold were removed from school immediately, the probabilities are that the number of cases of measles would be greatly reduced. Parents should be instructed to keep their children having bad colds from other children. Children recovering from measles should not return to school until free from coughing. If measles is known to be in your community, isolation of early symptoms is most important. If it is established that bad colds are epidemic, isolation will serve to lessen the epidemic.

When diphtheria is known to be in your community, all children associating with and those who have associated with the infected children should be kept from school for a week to demonstrate that they have not contracted the disease. Convalescents from diphtheria, should not return to school until bacteriological examination of the secretion from the throat shows an absence of diphtheria germs. These examinations should be made once a week. This work will be done for you in the laboratory of preventive medicine free of charge. If a case of diphtheria is found in your school, a small dose of antitoxin should be given every child in order to give immediate protection against the disease.

Scarlet fever is spread by the secretions of the mouth and nose. Convalescents from scarlet fever should not return to school for at least sixty to seventy days after the disease has subsided. During this time the child should be kept from other children.

If you or your teachers desire to ask any questions on prevention of diseases, address Preventive Medicine, University of Missouri, Columbia, Mo.

NO INSURANCE RATES EXIST.

Schedule Filed by Companies Has Not Been Approved by Superintendent.

According to the St. Louis Republic Frank Blake, state superintendent of Insurance, sent out advices last week to all the fire insurance companies in the state that no legal insurance rates existed in Missouri.

The schedules of rates filed by the companies up to the present time have not been passed upon by the superintendent, are not mandatory and will not be enforced by the law, but agents and companies may adopt them if they so desire.

The information was promulgated after the state superintendent found that many of the companies were instructing their agents to obtain copies of the new advisory rates issued by the Missouri actuarial bureau, on the assumption that they are now the legal rates.

All new schedules of rates are to be filled next month by associations and companies that have not yet complied with the new order, but many of the St. Louis agents think that they will not become operative till after the first of the year, at which time a change may be made in state officers.

NORTON TO SPEAK HERE.

Progressive Candidate for Governor to Be in Maryville on Wednesday.

The Progressive or Bull Moose party will hold a political meeting on Wednesday afternoon at 2 o'clock. Albert D. Norton, the party candidate for governor of Missouri, will be the main speaker. F. P. Robinson of this city, the Progressive candidate for congress, will also speak.

Took Her to St. Joseph.

Lottie Pool, who has been in the city jail in this city for a few weeks, serving out her time, as she jumped her bond, was taken to St. Joseph Monday by Officer Bert Mack. The woman is a witness in the white slavery case of Ben Carson, which is to come up in the federal court this week.

POLITICAL NOTES.

(From Democratic Bureau.)

Governor Hadley did not stand hatched at Armageddon; but like Mr. Pecksniff, he has probably not yet lost confidence in the gullibility of his fellow-men.

Major's pledge of good roads is backed up by his record. Through his activities as attorney general he has turned more than \$100,000 into the good roads fund.

Someone has asked if the Republicans are going to use corrupt methods in St. Louis this year, as they did in 1910. Be assured that they will use every method known to standup reactionaries of the plutocratic plumbumb. Corrupt methods? What kind of methods would you expect to be employed in the service of Taft and the candidates who endorse his tainted nomination?

The whole country will rejoice that former President Roosevelt is on the way to recovery, but there are yet two weeks of the campaign during which the important issues at stake may be discussed.

Every one regrets the action of the madman, but, as Colonel Bryan says, elections are not to be decided by the acts of madmen.

The action of "Gentleman Joe" Dixon, campaign manager for Colonel Roosevelt, in taking advantage of the attempt upon the colonel's life, to make political capital, was hardly in good taste.

Scoundrels may orate and cloud the issue until the cows come home, but there are two great problems with which the federal government has to deal in the next four years, and these are the trusts and the tariff. The party that proposes a practical solution for these two great questions is the party the people will follow. It is practically conceded, even by his political enemies, that Governor Wilson will be elected by an overwhelming plurality.

The dignified attitude of Governor Wilson toward his opponents throughout the campaign was emphasized by James A. Wagoner in the Chicago Daily News on October 16 as follows:

"This is the year of years. For once the American people are basking in the promise of prosperity with election close at hand, bounteous crops and brisk trade, despite a change of administration imminent. And this is the strangest political campaign the sun ever set on. With the flat failure of the attempt to sound the old note

of hard times ahead, with two presidential candidates actively canvassing on the stump and a third playing golf, there certainly is something unique.

"But the most singular feature of this year's campaign is the position Governor Wilson takes in refusing personal attack. Conditions, systems, facts and principles he will discuss, but personalities never, except it be to pay a compliment.

"Truly Governor Wilson has struck the most progressive note of all. Herein he has shown himself bigger than we had thought him. He is gaining daily in our nation's confidence, respect, esteem and love for this manifestation of fairness, and forbearance. Furthermore, Governor Wilson is standing well to his principles, and by all these tokens is gaining votes by the thousands."

BURLINGTON JUNCTION.

The people of mineral springs were all excited Saturday night when a man who has been taking treatment there became insane. He broke out several lights and did other things. The officers are holding him until the people from Iowa will take him back to Braynor.

James Weable is on the sick list. F. E. Greenish and family are visiting relatives at Hamburg, Ia.

Quite a number from here went to Ravenwood Sunday to hear Rev. Hanks, who is conducting meetings at the M. E. church at Ravenwood. About forty went in automobiles. Rev. Hanks was the evangelist that held meetings at Burlington Junction recently.

Frank Gohn and his crew will finish Mr. Corken's new home this week and will then build a barn for S. S. Webb.

Mr. Warren of Skidmore has bought Jesse Cooper's restaurant at the depot.

The little son of Joe Davidson died last Wednesday and was buried at Blanchard Saturday morning.

Jess Walker of Mound City spent a short time in town Thursday evening.

The band here is being directed by Mr. Cordell of Quitman.

A carpenter, sent to make some repairs in a private house, entered the apartment of the lady of the house, and with his apprentice began to work.

"Mary," the lady said to her maid, "see that my jewel case is locked up at once."

The carpenter understood. He removed his watch and chain from his vest, with a significant air, and gave them to his apprentice. "John," he said, "take these right back to the shop. It seems that this house isn't safe."

YOUR GRAY HAIRS QUICKLY VANISH

A Harmless Remedy, Made from Garden Sage, Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give your hair youthful color and beauty in a few days' time?

Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wyeth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair.

Get a fifty cent bottle from your druggist today, and notice the difference in your hair after a few days' treatment. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

WILD ENGINE HIT PASSENGER TRAIN

Nearly All Passengers Bruised and Cut by Glass.

THEATRICAL PEOPLE INJURED

Eleven Members in Each of Two Companies Painfully Hurt—Engineer Tried to Back Away From Runaway.

Pleasant Hill, Mo., Oct. 21.—A driverless freight engine, its throttle opened by leaking steam, slipped out of the Missouri Pacific yards here, at 6:30 o'clock in the morning and up the long grade that leads past Strasburg, six miles east. Fifteen minutes later the runaway engine, speeding at an estimated 35 miles an hour, crashed into Missouri Pacific passenger train No. 11, bound from St. Louis to Kansas City, seven miles east of here.

Show People Suffered.

Practically all of the 100 passengers were bruised and cut by falling glass. One, Miss Marion Stephenson a principal in the Country Boy company playing at the Grand in Kansas City, this week, was severely injured internally by being thrown from her berth against the opposite side of the car.

Eleven of the 16 members of the company were likewise thrown from their berths and injured. Mrs. Elizabeth McCall received a deep scalp wound and Robert Dudley's neck was painfully wrenches. Charles Rondeau was cut about the face by a falling mirror.

The Great White Way company en route to Kansas City also was on the train, and 11 of its members, including Daniel Healy, Harry Ward, James Rowland, Frank Wingfield and Sam Hearn were painfully bruised.

Tried to Warn Oncoming Train.

The runaway engine was seen by Cal Livesey, a watchman, as it left the Pleasant Hill yards. He hastily notified the Strasburg operator, T. M. McDougal, who changed the arm of the station semaphore from a clear to a danger signal.

No. 11 was almost in sight of the station, running at top speed, preparing for the long uphill grade to Pleasant Hill. Engineer John Payden of Sedalia, Mo., reversed his engine and commenced backing west, away from the oncoming runaway. Just then it rounded into sight, but before the heavy train had gained any speed the two came together. Payden and his fireman, Paul Hartwig, also of Sedalia, jumped and were uninjured.

The impact almost demolished the tender of the runaway engine and tore away the cowcatcher and front plates. Every pane of glass in the passenger train was broken. It was two hours before the wreckage was cleared away and the train proceeded to Pleasant Hill.

INSISTS HEARST MUST TESTIFY

Senate Committee About to Adjoin Penrose Claims Letters Published Are Forgeries.

Washington, Oct. 21.—Chairman Clapp of the senate investigation committee said that the committee would take a recess now until after the election. George W. Perkins will be the most important witness to testify. William R. Hearst has been summoned to appear to testify relative to the Archbold-Penrose letters printed in one of Hearst's magazines, but he is in Europe. The committee is to call him upon his arrival in this country.

Senator Penrose, who asserts that some of the letters are forgeries, has notified Senator Clapp that he will insist that Hearst be compelled to testify.

Dr. Anna Shaw to Kansas.

Topeka, Oct. 21.—The last ten days of the suffrage campaign in Kansas will be marked by the presence of the national leader of the suffrage movement, Dr. Anna Howard Shaw, president of the National Equal Suffrage association. She is considered to be the most eloquent suffrage speaker. Dr. Shaw is an ordained minister of the Methodist church.

Coon Cost a Life.

Fort Smith, Ark., Oct. 21.—Struck by a falling tree which he had cut in order to capture a coon, Charles Barnes, of near Swifton, was killed. His skull was fractured. His dog killed the coon and carried the animal home. Barnes did not return and a search was made for him. He was found beneath the tree.

Canada Has \$100,000 Fire.

Hanley, Canada, Oct. 21.—Fire which swept a portion of the business district of this town caused a loss of \$100,000. Hanley is composed largely of former residents of the United States, and these included most of the losers.

German Kaiser Insulted.

Hamburg, Oct. 21.—While the emperor was attending the dedication of St. Michael's church a laborer, apparently demented, pressed through the crowd and addressed insulting words to him. The man was arrested and taken to a hospital for examination.

THIRTEEN MEN ATTACK WOMAN

Five Under Arrest and Guarded by Armed Officers.

CROWD THREATENED LYNCHING

Prisoners Taken to Ironton, Mo., to Avoid Vengeance of Mob—Victim and Husband on Cross-Country Walk.

Annapolis, Mo., Oct. 21.—Five men are under arrest and a posse is searching the country for eight others who attacked Mrs. Lillie Mullane of Richmond, Va., a mile and a half south of Annapolis, at Benson switch. The prisoners, who had a hurried preliminary hearing at Des Arc, Mo., were hurried to Ironton in motor cars under an armed guard to avoid lynching.

Mrs. Mullane, who is 19 years old and an attractive blond, is walking through the country with her husband, T. H. Mullane. They left Virginia on a health walk. They attracted the attention of the assailants as they stopped to rest and were followed.

Husband Ran for Help.

When they were attacked Mullane broke loose and ran for help, dodging a shower of bullets as he fled. He took the wrong direction and ran six and a half miles to Des Arc, where he staggered into the office of Constable Albert Daniels and told his story. Three men were found in a barn near the scene. Two others were caught at Annapolis.

While Judge Johnson was hearing the evidence a crowd gathered in the street about the court and their attitude was so threatening that the prisoners were removed.

Both Being Cared For.

Out of sympathy for the victim the women of Des Arc are caring for Mrs. Mullane. Her husband is being looked after by the men and will be given an opportunity to work at Des Arc until his wife recovers.

The Mullanes were married little more than a year ago. Mullane worked in the woolen mills near Richmond until last spring, when his health gave out and the doctors advised him to take to the open air and walk hobo fashion, until his constitution had regained its strength. His bride refused to be left at home, insisting on walking with him. Mullane has regained his health.

NO INDIGESTION, GAS OR A SOUR STOMACH

"Pape's Diapepsin" Makes Your Stomach Feel Fine in Five Minutes.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Diapepsin and in five minutes you truly will wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing.

Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Advertisement.

A. D. Stamper of Winnipeg, Canada arrived in Maryville Saturday night for a ten days' visit with his brother, Lafe Stamper.

GARAGE FIRE INJURED FORTY

Death of California Mayor and Three Others is Expected—Burning Motor Car Exploded.

Petaluma, Cal., Oct. 21.—Forty persons were burned severely in a motor car explosion here, which may result in death to Mayor Zartman of Petaluma and three others.

A crowd gathered about a burning machine which had been dragged from a garage. Mayor Zartman, who is a former chief of the fire department, responded to the fire alarm and attacked the blaze with a chemical fire extinguisher. The mayor was thrown 40 feet by an explosion. The crowd was swept by a blast of flames and several persons were trampled upon in the panic which followed.

Doctor Got Wrong Bottle.

Harrington, Neb., Oct. 21.—Dr. W. A. Slack, an oculist of this city, died suddenly during the night from the effects of drinking poison. Slack stepped into the pantry of his home and took a bottle from the shelf, supposing it to be brandy. The doctor took two swallows before he discovered his error and died before a physician arrived.

USES AUTOMOBILE FOR TRACTOR

Kansas Orchardist Hitches Trailer on to Haul Heavy Loads and Pull Cultivator.

Chanute, Kan., Oct. 21.—W. W. Kaney, a wealthy oil well contractor, uses his motor car as a "hand" on his 20-acre apple orchard near here. When harvest time came Kaney turned his 60-horsepower touring car into an apple freighter. When that became too small for the demands made upon it by the 5,000 bushels of Johnathans, he got a low wheeled trailer and coupled it on behind the car.

Last summer, when the ground became dry and hard, the oil man hitched the car to a disc and cultivated the orchard in six hours. Kaney says he can disc 50 acres a day in an open field.

Woodmen in a Wreck.

Hopkinsville, Ky., Oct. 21.—Forty-nine passengers were injured, none severely, when a Woodmen of the World excursion train on the Illinois Central was wrecked on the way from Hopkinsville, where most of the injured live, to Paducah, Ky. A broken rail is believed to have derailed the four coaches which went into the ditch.

Boy Kills His Father.

MUST LOSE A LEG

DOCTORS SAY AMPUTATION IS NECESSARY TO SAVE LIFE.

CARL WRIGHT TO CHICAGO

Little Cripple Will Be Taken to See Dr. Murphy Before Step Is Taken To Collect Balance of Money.

Carl Wright, who has been at the hospital for sixteen weeks taking treatment for tuberculosis of the hip, was taken to the home of his parents, Mr. and Mrs. Edward Wright, living east of the city, last week. His physicians, Dr. William Wallis, Jr., and Dr. Charles T. Bell, reported that the only thing that could save the little crippled boy was the amputation of his leg. His parents were much opposed to an operation until Dr. J. S. Murphy, the specialist at Chicago, could see whether it was really necessary. So Carl was taken home and will remain a few weeks until he can be taken to Chicago.

The people of Maryville gave \$612.23 to save the little boy's life and turned it over to a committee composed of W. F. Phares and E. E. Williams. Of this amount \$327.73 has been collected, and only about \$80 has been spent for the treatment of the boy at the hospital. The treatment did not seem to be satisfactory and the committee will send him to Chicago to Dr. Murphy. The treatment was prescribed by Dr. Murphy.

The committee, within the next few days, will collect the balance of the money subscribed for this purpose.

SERVICES WELL ATTENDED.

The Five Protestant Young People's Societies Met at First M. E. Church Sunday Evening.

The first union meeting of the five young people's societies of the Protestant churches in Maryville at the First M. E. church Sunday evening was well attended and was a grand success. The leader was Miss Mary Evans, and the subject was "Christian Sociability." F. W. Olney spoke on "What is Sociability?" and Prof. Westbrook talked on "How Individuals Can Be More Sociable."

"How Can We Increase Sociability Among Our Societies" was discussed by A. M. Bennett of the B. Y. P. U. of the Baptist church, Miss Helen Leffler of the Young People's club of the Presbyterian church, Abner Johnson of the Christian Endeavor society of the Christian church, J. S. Muntz of the Epworth League of the M. E. church, South, and Miss Ethel Embree of the Epworth League of the First M. E. church. A solo was given by H. J. Becker, and a quartet composed of Misses Izora and Jeannette Mutz, Irene Kemp and Amy Clark gave a number.

A permanent organization is to be formed of these societies and the president of each one was instructed to appoint two members from each society, and then all of the members will meet and perfect an organization. Union meetings of these societies will be held from time to time, and if the first meeting is any indication these meetings will accomplish a great deal for good.

The late Dr. J. S. Ford suggested these meetings in his last sermon when he talked on the federation of church work.

Mrs. Roy McDonald of Prescott, Ia., was in Maryville Saturday evening on her way to Stanberry to visit Mrs. John Brown.

PREVENTION OF DISEASES.

Three Common Infectious Diseases Are Measles, Diphtheria and Scarlet Fever.

County Superintendent Wm. Oakerson received a letter Saturday from W. J. Calvert of Missouri University in regard to the prevention of three of the common infectious diseases. Here is the letter:

With a view to being of practical value to you in the prevention of three of our common infectious diseases, namely measles, diphtheria, and scarlet fever, I wish to call your attention to a few important facts. I hope the information will be acceptable and of service to you.

Measles develops with the symptoms of a bad cold. During the first days, the disease is most infectious. One of the most important methods of preventing measles is to isolate every child having a bad cold until sufficient time has elapsed to show that it does not have measles. If every child with a bad cold were removed from school immediately, the probabilities are that the number of cases of measles would be greatly reduced. Parents should be instructed to keep their children having bad colds from other children. Children recovering from measles should not return to school until free from coughing. If measles is known to be in your community, isolation of early symptoms is most important. If it is established that bad colds are epidemic, isolation will serve to lessen the epidemic.

When diphtheria is known to be in your community, all children associating with and those who have associated with the infected children should be kept from school for a week to demonstrate that they have not contracted the disease. Convalescents from diphtheria, should not return to school until bacteriological examination of the secretion from the throat shows an absence of diphtheria germs. These examinations should be made once a week. This work will be done for you in the laboratory of preventive medicine free of charge. If a case of diphtheria is found in your school, a small dose of antitoxin should be given every child in order to give immediate protection against the disease.

Scarlet fever is spread by the secretions of the mouth and nose. Convalescents from scarlet fever should not return to school for at least sixty to seventy days after the disease has subsided. During this time the child should be kept from other children.

If you or your teachers desire to ask any questions on prevention of diseases, address Preventive Medicine, University of Missouri, Columbia, Mo.

NO INSURANCE RATES EXIST.

Schedule Filed by Companies Has Not Been Approved by Superintendent.

According to the St. Louis Republic Frank Blake, state superintendent of Insurance, sent out advices last week to all the fire insurance companies in the state that no legal insurance rates existed in Missouri.

The schedules of rates filed by the companies up to the present time have not been passed upon by the superintendent, are not mandatory and will not be enforced by the law, but agents and companies may adopt them if they so desire.

The information was promulgated after the state superintendent found that many of the companies were instructing their agents to obtain copies of the new advisory rates issued by the Missouri actuarial bureau, on the assumption that they are now the legal rates.

All new schedules of rates are to be filed next month by associations and companies that have not yet complied with the new order, but many of the St. Louis agents think that they will not become operative till after the first of the year, at which time a change may be made in state officers.

NORTONI TO SPEAK HERE.

Progressive Candidate for Governor to Be in Maryville on Wednesday.

The Progressive or Bull Moose party will hold a political meeting on Wednesday afternoon at 2 o'clock. Albert D. Norton, the party candidate for governor of Missouri, will be the main speaker. F. P. Robinson of this city, the Progressive candidate for congress, will also speak.

Took Her to St. Joseph.

Lottie Pool, who has been in the city jail in this city for a few weeks, serving out her time, as she jumped her bond, was taken to St. Joseph Monday by Officer Bert Mack. The woman is a witness in the white slavery case of Ben Carson, which is to come up in the federal court this week.

HOME BOYS DO WELL

THREE NODAWAY COUNTY STUDENTS IN DISTINCTION.

HAROLD HEATON, EXPERT SEEKING HIS RELATIVES

Gets Place on Dairy Judging Team— Paul Hogan and Winifred Hawkins Also Have Ability Recognized.

Columbia, Mo., Oct. 20.—Harold C. Heaton, whose home is near Maryville and who is well known to Maryville people, has won a place on the dairy judging team of the University of Missouri. The team is composed of only three men, and competition for the places was strong. The team leaves tonight for Milwaukee to attend the International Live Stock show in order to study the Guernsey cattle shown there. After that the men will go to Chicago where they will score the dairy cattle at the National Live Stock show.

Mr. Heaton was also made an assistant in veterinary anatomy in the college of agriculture a short time ago.

Paul Hogan, another Nodaway county man, was made an assistant in the department of economics in the college of arts and science; and Winnifred Hawkins, a son of Prof. C. A. Hawkins, was made a reader in the English department.

GOOD CROWD AT MEETINGS.

Big Day Sunday for the M. E. Church, South—To Hold Street Meeting Tuesday Evening.

Sunday was a big day for the M. E. church, South, revival meetings. There were big crowds at both services and in the morning there were three conversions and in the evening two. Dr. C. H. Briggs of St. Joseph, presiding elder, preached the sermon Sunday evening.

A street meeting will be held Tuesday evening at 7 o'clock by Rev. J. D. Randolph, the pastor.

The meetings will continue throughout this week.

STRUCK BY LIGHTNING.

Smokestack on Normal Heating Plant Taken Down Thirty-Five Feet in Storm Sunday Morning.

The smokestack of the Normal heating plant was struck by lightning in the storm early Sunday morning and thirty-five feet of the stack was torn down. The stack is 162 feet high. In falling the bricks went through the top of the building and did some injury to the machinery in the plant. The injury to the machinery, however, is slight, and the plant was able to run Monday. The stack will be rebuilt at once.

NORMAL NOTES.

Rev. Gilbert S. Cox, pastor of the First M. E. church, gave an address at the Normal Monday morning. His subject was "Be a Man" and his talk was well received.

Steps will be taken at once to repair the damage that was done by the lightning to the smoke stack on the heating plant. The stack will be rebuilt.

Dr. H. K. Taylor, president of the Normal, will attend three teachers' association this week. He will work for the Normal, and also in the interest of the MII Tax amendment. These meetings he will attend are Clinton, DeKalb and Clay counties meetings.

Plans will be made soon by a committee appointed by the faculty for the reception of the teachers on the evening of Friday, November 8, at the Normal auditorium. The reception will be given by the Normal faculty and students. It is expected 800 teachers will be in the city at that time and the Normal is planning on having a big time for the visitors on that evening.

Good Rain Fell.

Rain fell in Maryville and generally over the county on Saturday night and Monday morning. The rainfall amounted to .47 of an inch. The rain was accompanied by sharp lightning, which did some damage over the county.

CRAZY AT SPRINGS

IOWA MAN MAKES THINGS INTERESTING AT SANITARIUM.

Officers at a Loss to Know What to Do With Unfortunate Man at Burlington Junction.

Hugo Leu, a middle-aged man from Treynoe, Ia., who came to the Burlington Junction mineral springs one day last week for treatment for rheumatism, made things pretty interesting for the people there Saturday afternoon and evening.

There was nothing unusual about the man's actions until about noon Saturday, when he was noticed doing strange things, and it was remarked about. He grew worse as the afternoon wore on, and when it came bedtime he went to his room and began expressing fear of some one being after him, and he kicked out a window glass trying to reach his imaginary foes. His actions were very much like a case of delirium tremens, but it is said he had not been drinking. Mr. Harbison, proprietor of the springs, got him upstairs in his car by asking him if he did not want to go to the barber shop for a shave. When they went upstairs the man was placed in jail.

His condition had not changed any up to Monday afternoon. His relatives at Malvern, Ia., were communicated with by the officer at Burlington Junction, and they arrived in the Junction Sunday. They left town Sunday night, but refused to take the man with them. They gave the officer the name of the man's sister, living at Carson, Ia., and a telegram was sent to her but no answer has been received.

It is evident that the man's family is trying to evade all responsibility of his unfortunate condition, and the Junction officials have not decided what they will do with him.

OFFER PRIZE FOR BEST SLOGAN.

Commercial Club Wants the Best Three Word Slogan for Maryville.

The board of directors at their meeting Monday decided to offer a prize of \$5 for the best three word slogan for Maryville. A person can send in as many slogans as they want to and the board will be the judges as to the best one.

The contest will be decided at the meeting of the board next Monday. A coupon is printed in this paper and those caring to send what they think is the best slogan can fill out this coupon. They should be sent to John I. Hoffman, secretary of the club.

A Strong Editorial.

Newspapers get a large slice of their bread and butter from the advertising patronage, and there is a degree of selfishness in the plea of the country newspaper man that local merchants, in order to combat the mail order catalogue, should patronize the home paper. But admitting the selfish motive, there is that other vital force in the argument, an item that is generally defined as horse sense. An army doesn't win its battles while the soldiers are asleep in their tents—Kansas City Times.

Iowa Visitors Leave.

Perry Hopkinson and Miss Alsey Hopkinson of Westchester, Ia., who have been visiting in Maryville for the past two weeks at the home of their daughter and sister, Mrs. John Anderson, on North Mulberry street, left for their home Saturday.

Good Rain Fell.

Rain fell in Maryville and generally over the county on Saturday night and Monday morning. The rainfall amounted to .47 of an inch. The rain was accompanied by sharp lightning, which did some damage over the county.

Mr. and Mrs. Will Wendel of Arkoe were in town Saturday.

News of Society and Women's Clubs

Our Dirty, Dirty Streets.

They are not just dirty, they are filthy. Is it possible that Maryville club women will be compelled to get out and clean the city's streets? It looks very much as though they will have to if the work is done at all. The mayor and city council have had hint after hint, have heard the general complaint and surely cannot be ignorant of how visitors to our city talk about our filthiness—that's the word they use, and it's the correct one—streets. If the city officers do not get to work pretty soon, before winter sets in, and give our streets a thorough cleansing we will have a perfect right to hold the present administration responsible.

If the present accumulation of dirt and filth that has been there for months and months is not removed soon, the physicians of our city will reap a harvest this winter from pneumonia and throat troubles, and we do not believe they want business that is brought about by any such conditions. Why not get to work now, Mr. Mayor and City Council, while the fall rains are doing all they can to help in the matter, and begin the winter with clean streets.

Picnic and Walnut Hunt.

Three classes of the First Christian church Bible school, accompanied by the school superintendent, Mr. G. B. Roseberry, and their teachers, Mrs. Rebecca Gray, Miss Bessie Porter and Miss Myrl Oberlander, enjoyed a picnic and walnut hunt at Stephenson's grove, east of town, Saturday afternoon.

The members of the classes were conveyed to and from the grove in cars by Miss Marie Reuillard, Mr. W. W. Glass, Claude Glass, Mr. G. L. Willifley's car, and Mrs. Will Stephen-

son of St. Joseph, who is the guest of Miss Oberlander. Those in the party were Russell Robey, Donald Davenport, Clifford Murray, Muriel Murray, Harry Davis, Elston Starr, Paul Maxwell, Walter Keggin, Simeon Wright, Lawrence Hagan and Lavelle Smith of Mrs. Gray's class; Clyde Geist, Gerald Keef, Townsend Godsey, Thomas Eckert, Ora McPherron, Earl Bratcher, Floyd Cook and Clarence Huffine of Miss Porter's class; Chilton Robinson, Gen Trullinger, Willie Geist, James Armstrong, Paul Robey, Charley Pearson, George Harmon, Lorace Landfater, James Lynch, Arthur Norris, Milo Harrison and LaVern Robey of Miss Oberlander's class.

Attended Golden Wedding.

Mr. and Mrs. James Donnelly of Conception Junction were in Maryville Saturday evening, returning from Creston, Ia., where they attended the golden wedding of Mrs. Donnelly's parents, Mr. and Mrs. John Ford. The celebration was held on October 13, the anniversary day, and the seven children and nineteen grandchildren were present and made it a joyous occasion.

The seven sons and daughters, with their wives and husbands, are Mr. and Mrs. James Donnelly of Conception Junction, Mr. and Mrs. Walter Larson of Corning, Ia.; Mr. and Mrs. Thomas Ford of Lenox, Ia.; Mr. and Mrs. J. P. Ford and Mr. and Mrs. Joseph Ford of Creston, Ia. and Mrs. Will Gentle of Estherville, Ia.

Kids From Their Honeymoon.

Mr. and Mrs. Oscar Klaas of Clyde arrived in Maryville Monday morning from their wedding trip to Wisconsin and Chicago, where they visited Mr. Klaas' relatives. They also visited in Burlington, Ia., with a classmate of Mrs. Klaas, Miss Mary McLaughlin, the bride and Miss McLaughlin having attended St. Joseph's academy at Clyde together. Mr. and Mrs. Klaas spent Monday forenoon visiting Mrs. Klaas' grandfather, Mr. Christopher Cummins, going to Clyde on the 10:52 Wabash.

Celebrated Mother's Birthday.

Mrs. S. S. Casteel was very enjoyably surprised Sunday by her children, who came with many good things to eat at noontime, spread a delightful feast and remained for the day with her to celebrate her fifty-fourth birthday anniversary. Those in the company were Mrs. Casteel, Mr. and Mrs. George Wallace and daughters, Mildred and Doris; Mr. and Mrs. Guy Mutz and son, Walt; Mr. and Mrs. Frank Green and sons, Harold and Eldon, and Miss Hazel Ritchie.

POLITICAL NOTES.

(From Democratic Bureau.)

Governor Hadley did not stand hatched at Armageddon; but like Mr. Pecksniff, he has probably not yet lost confidence in the gullibility of his fellow-men.

Major's pledge of good roads is backed up by his record. Through his activities as attorney general he has turned more than \$100,000 into the good roads fund.

Someone has asked if the Republicans are going to use corrupt methods in St. Louis this year, as they did in 1910. Be assured that they will use every method known to standpat reactionaries of the plutocratic plunder-bund. Corrupt methods? What kind of methods would you expect to be employed in the service of Taft and the candidates who endorse his tainted nomination?

The whole country will rejoice that former President Roosevelt is on the way to recovery, but there are yet two weeks of the campaign during which the important issues at stake may be discussed.

Every one regrets the action of the madman, but, as Colonel Bryan says, elections are not to be decided by the acts of madmen.

The action of "Gentleman Joe" Dixon, campaign manager for Colonel Roosevelt, in taking advantage of the attempt upon the colonel's life, to make political capital, was hardly in good taste.

Spellbinders may orate and cloud the issue until the cows come home, but there are two great problems with which the federal government has to deal in the next four years, and these are the trusts and the tariff. The party that proposes a practical solution for these two great questions is the party the people will follow. It is practically conceded, even by his political enemies, that Governor Wilson will be elected by an overwhelming plurality.

The dignified attitude of Governor Wilson toward his opponents throughout the campaign was emphasized by James A. Wagoner in the Chicago Daily News on October 16 as follows:

"This is the year of years. For once the American people are basking in the promise of prosperity with election close at hand, bounteous crops and brisk trade, despite a change of administration imminent. And this is the strangest political campaign the sun ever set on. With the flat failure of the attempt to sound the old note

of hard times ahead, with two presidential candidates actively canvassing on the stump and a third playing golf, there certainly is something unique. But the most singular feature of this year's campaign is the position Governor Wilson takes in refusing personal attack. Conditions, systems, facts and principles he will discuss, but personalities never, except it be to pay a compliment.

"Truly Governor Wilson has struck the most progressive note of all. Herein he has shown himself bigger than we had thought him. He is gaining daily in our nation's confidence, respect, esteem and love for this manifestation of fairness, and forbearance. Furthermore, Governor Wilson is standing well to his principles, and by all these tokens is gaining votes by the thousands."

YOUR GRAY HAIRS QUICKLY VANISH

A Harmless Remedy, Made from Garden Sage, Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give your hair youthful color and beauty in a few days' time?

Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmother used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wyeth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair.

Get a fifty cent bottle from your druggist today, and notice the difference in your hair after a few days' treatment. All druggists sell it, under guarantee that the money will be refunded if the remedy is not satisfactory represented.

WILD ENGINE HIT PASSENGER TRAIN

Nearly All Passengers Bruised and Cut by Glass.

THEATRICAL PEOPLE INJURED

Eleven Members in Each of Two Companies Painfully Hurt—Engineer Tried to Back Away From Runaway.

Pleasant Hill, Mo., Oct. 21.—A driverless freight engine, its throttle opened by leaking steam, slipped out of the Missouri Pacific yards here, at 6:30 o'clock in the morning and up the long grade that leads past Strasburg, six miles east. Fifteen minutes later the runaway engine, speeding at an estimated 35 miles an hour, crashed into Missouri Pacific passenger train No. 11, bound from St. Louis to Kansas City, seven miles east of here.

Show People Suffered.

Practically all of the 100 passengers were bruised and cut by falling glass. One, Miss Marion Stephenson, a principal in the Country Boy company playing at the Grand in Kansas City, this week, was severely injured internally by being thrown from her berth against the opposite side of the car.

Eleven of the 16 members of the company were likewise thrown from their berths and injured. Miss Elizabeth McCall received a deep scalp wound and Robert Dufey's neck was painfully wrenches. Charles Rondeau was cut about the face by a falling mirror.

The Great White Way company en route to Kansas City also was on the train, and 11 of its members, including Daniel Healy, Harry Ward, James Rowland, Frank Windfeld and Sam Hearn were painfully bruised.

Tried to Warn Oncoming Train.

The runaway engine was seen by Cal Livesay, a watchman, as it left the Pleasant Hill yards. He hastily notified the Strasburg operator, T. M. McDougal, who changed the arm of the station semaphore from a clear to a danger signal.

No. 11 was almost in sight of the station, running at top speed, preparing for the long uphill grade to Pleasant Hill. Engineer John Payden of Sedalia, Mo., reversed his engine and commenced backing west, away from the oncoming runaway. Just then it rounded into sight, but before the heavy train had gained any speed the two came together. Payden and his fireman, Paul Hartwig, also of Sedalia jumped and were uninjured.

The impact almost demolished the tender of the runaway engine and tore away the cowcatcher and front plates. Every pane of glass in the passenger train was broken. It was two hours before the wreckage was cleared away and the train proceeded to Pleasant Hill.

INSISTS HEARST MUST TESTIFY

Senate Committee About to Adjourn—Penrose Claims Letters Published Are Forgeries.

Washington, Oct. 21.—Chairman of the senate investigation committee said that the committee would take a recess now until after the election. George W. Perkins will be the most important witness to testify.

William R. Hearst has been summoned to appear to testify relative to the Archbold-Penrose letters printed in one of Hearst's magazines, but he is in Europe. The committee is to tell him upon his arrival in this country.

Senator Penrose, who asserts that some of the letters are forgeries, has notified Senator Clapp that he will insist that Hearst be compelled to testify.

Dr. Anna Shaw to Kansas.

Topeka, Oct. 21.—The last ten days of the suffrage campaign in Kansas will be marked by the presence of the national leader of the suffrage movement, Dr. Anna Howard Shaw, president of the National Equal Suffrage association. She is considered to be the most eloquent suffrage speaker. Dr. Shaw is an ordained minister of the Methodist church.

Coon Cost a Life.

Fort Smith, Ark., Oct. 21.—Struck by a falling tree which he had cut in order to capture a coon, Charles Barnes, of near Swifton, was killed. His skull was fractured. His dog killed the coon and carried the animal home. Barnes did not return and a search was made for him. He was found beneath the tree.

Canada Has \$100,000 Fire.

Hanley, Canada, Oct. 21.—Fire which swept a portion of the business district of this town caused a loss of \$100,000. Hanley is composed largely of former residents of the United States, and these included most of the losers.

German Kaiser Insulted.

Hamburg, Oct. 21.—While the emperor was attending the dedication of St. Michael's church a laborer, apparently demented, pressed through the crowd and addressed insulting words to him. The man was arrested and taken to a hospital for examination.

THIRTEEN MEN ATTACK WOMAN

Five Under Arrest and Guarded by Armed Officers.

CROWD THREATENED LYNCHING

Prisoners Taken to Ironton, Mo., to Avoid Vengeance of Mob—Victim and Husband on Cross-Country Walk.

Annapolis, Md., Oct. 21.—Five men are under arrest and a posse is searching the country for eight others who attacked Mrs. Little Mullane of Richmond, Va., a mile and a half south of Annapolis, at Benson switch. The prisoners, who had a hurried preliminary hearing at Des Arc, Mo., were hurried to Ironton in motor cars under an armed guard to avoid lynching.

Mrs. Mullane, who is 19 years old and an attractive blond, is walking through the country with her husband, T. H. Mullane. They left Virginia on a health walk. They attracted the attention of the assailants as they stopped to rest and were followed.

Husband Ran for Help.

When they were attacked Mullane broke loose and ran for help, dodging a shower of bullets as he fled. He took the wrong direction and ran six and a half miles to Des Arc, where he staggered into the office of Constable Albert Daniels and told his story. Three men were found in a barn near the scene. Two others were caught at Annapolis.

While Judge Johnson was hearing the evidence a crowd gathered in the street about the court and their attitude was so threatening that the prisoners were removed.

Both Being Cared For.

Out of sympathy for the victim the women of Des Arc are caring for Mrs. Mullane. Her husband is being looked after by the men and will be given an opportunity to work at Des Arc until his wife recovers.

The Mullanes were married little more than a year ago. Mullane worked in the woolen mills near Richmond until last spring, when his health gave out and the doctors advised him to take to the open air and walk, hobo fashion, until his constitution had regained its strength. His bride refused to be left at home, insisting on walking with him. Mullane has regained his health.

No. 11 was almost in sight of the station, running at top speed, preparing for the long uphill grade to Pleasant Hill. Engineer John Payden of Sedalia, Mo., reversed his engine and commenced backing west, away from the oncoming runaway. Just then it rounded into sight, but before the heavy train had gained any speed the two came together. Payden and his fireman, Paul Hartwig, also of Sedalia jumped and were uninjured.

The impact almost demolished the tender of the runaway engine and tore away the cowcatcher and front plates. Every pane of glass in the passenger train was broken. It was two hours before the wreckage was cleared away and the train proceeded to Pleasant Hill.

FEDERAL TROOPS DESERTING

Soldiers in Fort Refuse to Return Rebel Fire—Steamer With Arms and Ammunition Will Ignore Order Not to Unload.

Vera Cruz, Oct. 21.—The United States cruiser Des Moines, in command of Capt. Charles F. Hughes, steamed into this port during the night. An officer from the warship visited Gen. Felix Diaz in the morning and arranged an interview on behalf of Capt. Hughes. Gen. Diaz then visited the Des Moines, where the American captain and the leader of the new revolt had a long conference, the nature of which has not been divulged.

Anxiety is Relieved.

The feeling of anxiety among foreign residents has been considerably relieved by the arrival of the Des Moines, and it is considered probable that a battle, if it is fought, will take place beyond the city limits.

The German and Russian ministers to Mexico, who arrived here on the steamer Serugancia, left for Mexico City on a special train, supplied by Gen. Diaz. The German and Russian consuls traveled with them part of the way.

Will Unload Anyway.

The Ward line steamer Serugancia, on her arrival here, was warned by Commodore Azueta in command of the gunboats still loyal to the Mexican government, not to discharge its cargo. Capt. Jones of the steamship was later ordered by the company to unload and declares his intention of doing so.

Deserters Killed.

The other American warships are expected to reach here at any time. The Spanish consul has sent out wireless messages to passing steamers to proceed here to take aboard Spanish subjects in case of a bombardment.

The soldiers of the twenty-first battalion garrisoning Fort Ulua, located on an island in the local harbor, have revolted and joined the revolutionary forces of Felix Diaz. The gunboats Bravo and Morelos opened fire on the deserters, killing several and wounding others, but the soldiers of Fort Ulua garrison remained inert, refusing to return the fire. The situation at the island is especially serious as Fort Ulua is also used as a penitentiary.

FEARING TROUBLE BETWEEN THE GREEKS AND PASSENGERS OF OTHER NATIONALITIES, AS THERE ARE 350 ITALIANS AND FOUR TURKS ABOARD, CAPT. MAREANTEITI ASKED FOR POLICE ASSISTANCE. OFFICERS WHO VISITED THE VESSEL SEIZED A SMALL ASSAULT OR REVOLVERS AND TURNED THEM OVER TO THE SHIP'S PURSER. THE REVOLVERS WILL BE RETURNED AFTER THE SHIP HAS PASSED NAPLES, WHERE THE ITALIANS WILL DISMISSE.

RETURNING GREEKS DISARMED

Officers of Vessel Feared Trouble From Passenger List Containing Also Italians and Turks.

Providence, R. I., Oct. 21.—Most of the firearms carried by the 1,200 Greeks who left New York on the steamer Venezuela, en route to fight the Turks, were seized by the police when the steamer touched here.

Fearing trouble between the Greeks and passengers of other nationalities, as there are 350 Italians and four Turks aboard, Capt. Mareanteiti asked for police assistance. Officers who visited the vessel seized a small assault or revolvers and turned them over to the ship's purser. The revolvers will be returned after the ship has passed Naples, where the Italians will disembark.

Cow Earned \$562.

Manhattan, Kan., Oct. 21.—Mild Henry, a 13-year-old Holstein owned by the Kansas agricultural college, has made a net profit of \$562.56 for her owners in the last ten months. Her output in that time was 17,056 pounds of milk, or 8,533 quarts, which sold in Manhattan for eight cents a quart. It would have made 726 pounds of butter.

NO INDIGESTION, GAS OR A SOUR STOMACH

"Pape's Diapepsin" Makes Your Stomach Feel Fine in Five Minutes.

Wonder what upset your stomach— which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Diapepsin and in five minutes you truly will wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Advertisement.

Drew the Handbag.

Miss Mary Fordyce of this city was the winner of the beautiful Irish crocheted handbag drawn at Eversole's dry goods store Saturday afternoon. The bag was the handwork of Mrs. Robert Noakes, living north of Maryville.

APPENDICITIS BOOK FREE.

The Adler-i-ka book, telling how you can EASILY guard against appendicitis, and how you can relieve constipation or gas on the stomach INSTANTLY, is offered free this week by Warren Jones, druggist.—Advertisement.

Guests From Bolckow.

Mr. and Mrs. J. W. Montgomery and daughter of Bolckow were the Sunday guests of Mr. and Mrs. George Hartley. Mr. Montgomery and Mrs. Hartley are brother and sister.

Employed on Lenox School Building.

Mr. and Mrs. W. M. Jones of Burlington Junction were in Maryville Monday forenoon on their way to Lenox, Ia., where Mr. James will be employed for several weeks on the interior woodwork of the new public school building at that place, Mrs. James remaining until he returns home.

Their daughter, Mrs. Frank Stapler of Omaha, formerly of Maryville, has just returned to her home from a two weeks' visit with her parents.

Brought to Hospital.

Richard Winslow, who lived with his son, Fred Winslow, a half mile west of Quitman, was brought to Maryville Saturday afternoon to St. Francis hospital for treatment. While chopping wood in the timber with his son Saturday forenoon, Mr. Winslow, who is 75 years old, struck his foot with the axe, cutting through his foot just back of the big toe. It is feared that amputation will be necessary.

Moving to Colorado.

Mrs. O. G. Hays and children went to Arkoe Saturday evening to visit over a few days' visit with Mrs. Hays' mother, Mrs. W. G. Murray, on East First street.

Returning to California.

Mrs. Will D. Culbertson of Long Beach, Cal., who has been spending several weeks with her mother and sister, Mrs. J. D. Felter and Miss Vernie Felter, left for her home Saturday evening. Mrs. Felter and Miss Felter accompanied her as far as Savannah, where all visited over Sunday with Mr. and Mrs. Fred Hartley.

Barn Burned at Guilford.

The barn of Mrs. Robert Stonehocker of Guilford burned to the ground Sunday night about 10:30 o'clock. It is not known how the fire originated. The horses and buggy and the automobile were taken out before any damage was done to them, but the hay and corn burned with the barn.

Brother Here From Canada.

A. D. Stamper of Winnipeg, Canada arrived in Maryville Saturday night for a ten days' visit with his brother, Lafe Stamper.

GARAGE FIRE INJURED FORTY

Death of California Mayor and Three Others is Expected—Burning Motor Car Exploded.

Petaluma, Cal., Oct. 21—Forty persons were burned severely in a motor car explosion here, which may result in death to Mayor Zartman of Petaluma and three others.

A crowd gathered about a burning machine which had been dragged from a garage. Mayor Zartman, who is a former chief of the fire department, responded to the fire alarm and attacked the blaze with a chemical fire extinguisher. The mayor was thrown 40 feet by an explosion. The crowd was swept by a blast of flames and several persons were trampled upon in the panic which followed.

Doctor Got Wrong Bottle.

Hartington, Neb., Oct. 21—Dr. W. A. Slack, an oculist of this city, died suddenly during the night from the effects of drinking poison. Slack stepped into the pantry of his home and took a bottle from the shelf, supposing it to be brandy. The doctor took two swallows before he discovered his error and died before a physician arrived.

USES AUTOMOBILE FOR TRACTOR

Kansas Orchardist Hitches Trailer on to Haul Heavy Loads and Pull Cultivator.

Chanute, Kan., Oct. 21—W. W. Kaney, a wealthy oil well contractor, uses his motor car as a "hand" on his 20-acre apple orchard near here. When harvest time came Kaney turned his 60-horsepower touring car into an apple freighter. When that became too small for the demands made upon it by the 5,000 bushels of Jonathans, he got a low wheeled trailer and coupled it on behind the car.

Last summer, when the ground became dry and hard, the oil man hitched the car to a disc and cultivated the orchard in six hours. Kaney says he can disc 50 acres a day in an open field.

Woodmen in a Wreck.

Hopkinsville, Ky., Oct. 21—Forty-nine passengers were injured, none severely, when Woodmen of the World excursion train on the Illinois Central was wrecked on the way from Hopkinsville, where most of the injured live, to Paducah, Ky. A broken rail is believed to have derailed the four coaches which went into the ditch.

Boy Kills His Father.

Denver, Oct. 21—Emil Howard Ross Jr., 20 years old, shot and killed his father, Emil Howard Ross, at the family home late in the afternoon. Young Ross and his stepmother were arrested. The youth says he shot his father because the latter abused his stepmother.
